## Best African Sunsets

Kenya is the most sought-after destination for the world's best **safari experiences** and tropical beaches.

Having been voted as the eighth wonder of the world the **Maasai Mara** is widely known as the cradle of humankind. The vast plains and spotted Savannah's are home to the **best wildlife** Africa has to offer.

Notoriously the Big 5 and the **Great Migration**.

Where 1.3 million wildebeest hoof their way from Tanzania to the Mara in search of rains in the North, this usually happens from July through to October.

Come and live it up in **Kenya** – the options are endless.

*"I had a farm in Africa at the foot of the Ngong Hills. The Equator runs across these highlands, a hundred miles to the north, and the farm lay at an altitude of over six thousand feet. In the day-time you felt that you had got high up; near to the sun, but the early mornings and evenings were limpid and restful, and the nights were cold."*

Established in 1968 by the chairman Mr. Suresh Sofat, **Somak Safaris** remains Kenyan-based and family run and East Africa's leading and fastest growing destination management company.

Being a global yet independent organization, focusing on destination management, tour operating, retail travel and business house sales in **East Africa**, with associate offices in the UK and other countries.

The company has grown from strength to strength, guided by family values and a team of **dedicated staff**, offering personal service and value for money.

This is the noted **“personal touch”** that Somak Safaris offers, and has been enjoyed by over 30,000 guests from around the world every year.
